

Bespoke Wedding Packages

Why Us?

At RG Events & Floral, no two celebrations are the same – and your styling shouldn't be either. From intimate gatherings to grand affairs, our packages are designed to give you a beautiful foundation to build from, with add-ons that let you make it entirely your own. Whether you're planning a wedding, a milestone birthday, or a corporate event across Wirral, Liverpool, and Cheshire, we'll help you find the perfect balance of style and budget – without compromising on the wow factor.

approval

£2800.00

The Process

1. Enquiry & Consultation

It all starts with a conversation. Get in touch via our website, WhatsApp, or email, and we'll arrange an initial consultation – in person or over a call – to talk through your vision, venue, date, and budget.

2. Proposal & Booking

Based on our chat, we'll put together a bespoke proposal with package options and pricing. Once you're happy, a deposit and signed agreement secures your date.

3. Design Development

We'll build out the finer details together – colour palettes, floral choices, styling themes, and any bespoke touches. This is where your ideas start taking shape into a full design plan.

4. Planning Check-ins

As your date approaches, we'll schedule catch-ups to confirm final numbers, timings, and any last details – making sure everything is locked in well ahead of time.

5. Final Consultation

A few weeks before your event, we'll hold a final review to go through the complete plan, confirm logistics with your venue, and answer any last-minute questions.

6. Setup & Delivery

On the day, our team handles the full setup – florals, styling, and installations – so everything is ready before your guests arrive.

7. On the Day

We're on hand throughout to make sure everything runs smoothly, so you can relax and enjoy every moment.

8. Breakdown & Collection

Once the celebrations wrap up, we take care of breakdown and collection, leaving the venue as we found it.

Hi, I'm Danilo Rossi, Co-founder and director of RG Events & Floral.

This business started from a genuine passion for creating moments that matter – and it's grown into something I'm incredibly proud of, working alongside a talented team across weddings, celebrations, and corporate events throughout Wirral, Liverpool, and Cheshire.

For me, this has never just been about flowers or styling. It's about being part of some of the most important days in our clients' lives, and making sure every detail – from the first consultation to the final petal – reflects the care and craftsmanship this deserves.

We're a family-run business at heart, and that shows in how we work: hands-on, personal, and genuinely invested in getting things right for you. Whether you're planning an intimate gathering or a grand celebration, I want you to feel confident that your event is in good hands.

Thank you for considering RG Events & Floral. I look forward to being part of your story.

Danilo Rossi

Founder & Business Director, RG Events & Floral
