at The Isla Gladstone

STANLEY PARK · LIVERPOOL

Your day at The Isla Gladstone

Set among the rose gardens and lakes of historic Stanley Park, The Isla Gladstone is a restored Victorian glass conservatory, built in 1899 and Grade II listed. Light pours through the glass roof by day and the whole space glows after dark, a beautiful canvas for bespoke florals.

Styling the glasshouse

Under the glass roof

A floral heart or arch beneath the glass makes a stunning backdrop for your vows and every photo after.

From ceremony to wedding breakfast

Aisle carpet, white plinths and chiffon chair styling for the ceremony, then our team turns the room around for your wedding breakfast.

As the sun goes down

Uplighting and a neon sign warm the conservatory for the evening celebrations.

We've styled weddings at The Isla Gladstone and know the space well.
